## Contents

Volume 44 Issue 9 | **RAPM** September 2019

### Editorial

- 837** Disparities in care, public health and the role of the anesthesiologist  
*S Memtsoudis, O Stundner*

### Regional anesthesia and acute pain

- 839** Hospital safety net burden is associated with increased inpatient mortality and postoperative morbidity after total hip arthroplasty: a retrospective multistate review, 2007–2014  
*M La, V Tangel, S Gupta, T Tedore, R S White*

- 847** The effect of anesthetic technique on mortality and major morbidity after hip fracture surgery: a retrospective, propensity-score matched-pairs cohort study  
*L Malhas, A Perlas, S Tierney, V W S Chan, S Beattie*

- 854** Trends in total knee and hip arthroplasty recipients: a retrospective cohort study  
*J Liu, L Wilson, J Poeran, M Fiasconaro, D H Kim, E Yang, S Memtsoudis*

- 860** Sex-dependent prolongation of sciatic nerve blockade in diabetes patients: a prospective cohort study  
*S Tang, J Wang, Y Tian, X Li, Q Cui, M Xu, X Song, Y Zheng, H Yang, C Ma, L Zhan, C Zhu, Y Zhang, M Yao, Y Huang*

- 866** Comparison of the effect of three different adjuvants on the analgesic duration of single injection interscalene brachial plexus block: a prospective, randomized, triple blinded clinical trial  
*M S Seering, E O Bayman, C A Wong, Y S Ranganath, A A Marian*

### Brief technical report

- 872** Upper trunk block for shoulder analgesia with potential phrenic nerve sparing: a preliminary anatomical report  
*J Cros Campoy, O Domingo Bosch, J Pomés, J Lee, B Fox, X Sala-Blanch*

### Chronic and interventional pain

- 875** Quantitative analysis of the distal, lateral, and posterior articular branches of the axillary nerve to the shoulder: implications for intervention  
*B Bickelhaupt, M S Eckmann, C Brennick, O B Rahimi*

- 881** Phenotypic features of patients with complex regional pain syndrome compared with those with neuropathic pain  
*O H Alam, B Zaidi, J Pierce, S E Moser, P E Hilliard, G Golmirzaie, C M Brummett*

- 886** Botulinum toxin for chronic pelvic pain in women with endometriosis: a cohort study of a pain-focused treatment  
*H K Tandon, P Stratton, N Sinaii, J Shah, B I Karp*

### Pediatric analgesia

- 893** Success of bedside ultrasound to identify puncture site for spinal anesthesia in neonates and infants  
*F Cristiani, R Henderson, C Lauber, K Boretsky*

### Obstetric analgesia

- 896** Ultrasound-guided transmuscular quadratus lumborum block for elective cesarean section significantly reduces postoperative opioid consumption and prolongs time to first opioid request: a double-blind randomized trial  
*C K Hansen, M Dam, G E Steingrimsdottir, G H Laier, M Lebech, T D Poulsen, V W S Chan, M Wolmarans, T F Bendtsen, J Børglum*

**Letters to the editor**

- 901** Hemidiaphragmatic paralysis after supraclavicular block: more questions than answers  
*J Aliste, D Bravo, S Layera, R J Finlayson, D Q Tran*

- 901** Reply to Dr Aliste *et al*  
*X Bao, J Huang, H Feng, Y Qian, Y Wang, Z Qunying, H Huansheng, W Xianghe*

- 902** Suprainguinal fascia iliaca block for pediatric hip surgeries  
*C Aksu, Y Gürkan*

- 903** Long-term efficacy of 1–1.2 kHz subthreshold spinal cord stimulation following failed traditional spinal cord stimulation: a retrospective case series  
*S Thomson*

- 903** Response to Dr Thomson's letter  
*L Kapural, S Harandi*

- 904** Pericapsular nerve group (PENG) block: an ethical and academic perspective  
*M Gofeld*

- 905** Reply to Gofeld, pericapsular nerve group (PENG) block: an ethical and academic perspective  
*P Peng*

- 906** Is high volume lumbar erector spinae plane block an alternative to transforaminal epidural injection? Evaluation with MRI  
*M Celik, S Tulgar, A Ahiskalioglu, F Alper*

- 907** Anatomical variation of the femoral nerve in the femoral triangle  
*G Woodworth, T Lee, R Ivie, B Beckett*

---

**Miscellaneous**

- 908** Correction: *Fatal gadolinium-induced encephalopathy following accidental intrathecal administration: a case report and a comprehensive evidence-based review*
