Contents

Volume 47 Issue 7 | RAPM July 2022

Special article

- 395** Why science is less scientific than we think (and what to do about it): The 2022 Gaston Labat Award Lecture
B M Ilfeld

Chronic and interventional pain

- 401** Evaluating the incidence of spinal cord injury after spinal cord stimulator implant: an updated retrospective review
N Hussain, J Gill, J Speer, M Abdel-Rasoul, A Abd-Elsayed, S Khan, A Nguyen, T Simopoulos, T Weaver

Regional anesthesia and acute pain

- 408** Lidocaine infusions for refractory chronic migraine: a retrospective analysis
E S Schwenk, A Walter, M C Torjman, S Mukhtar, H T Patel, B Nardone, G Sun, B Thota, C G Lauritsen, S D Silberstein

- 414** Ultrasound-guided selective trunk block (SeTB): a cadaver anatomic study to evaluate the spread of dye after a simulated injection
B Songthamwat, P Luangjarmekorn, W Kamputak, R K Sivakumar, M K Karmakar

Infographic

- 420** Evaluating the incidence of spinal cord injury after spinal cord stimulator implant: an updated retrospective review - an infographic
R K Gupta, N Hussain, E S Schwenk

Research reports

- 421** Multimodal continuous ambulatory erector spinae catheter pain protocol for early recovery following Nuss procedure: a retrospective cohort study
N Abbasian, S J Clay, M Batra, C M Walter, V A Olbrecht, M Mecoli, C S Lee, M Nair, A Huq, B E Simpson, R L Brown, V F Garcia, V Chidambaran

- 424** Randomized trial comparing the spread of retrolaminar block with the combination of erector spinae block and retrolaminar block in soft embalmed Thiel cadavers
R Y Sartawi, G McLeod, P Guntur Ramkumar, C Lamb

Brief technical report

- 426** Effect of portable negative pressure units on expelled aerosols in the operating room environment
M Popovic, J Beathe, E Gbaje, M Sharp, S G Memtsoudis

Case reports

- 430** Catheter-guided multilevel epidural blood patches in an adolescent boy
L Walfish, S Alobaikan, Z Lahijanian, C Saint-Martin, M delP Cortes Nino, P M Ingelmo
- 434** Two years follow-up of continuous erector spinae plane block in a patient with upper extremity complex regional pain syndrome type I
M Forero, R A Kamel, P L Chan, E Maida

Education

- 437** Cannabis, cannabinoids, and cannabis-based medicines: future research directions for analgesia
I Badiola, A Doshi, S Narouze
- 445** Use of epidurography in the perioperative and acute pain setting
J R Coleman, P Hartmann, M Kona, R A Thiele, R Salajegheh, N A Hanson

This article has been chosen by the Editor to be of special interest or importance and is freely available online.

This article has been made freely available online under the BMJ Journals open access scheme. See <http://authors.bmj.com/open-access>

This journal is a member of and subscribes to the principles of the Committee on Publication Ethics

www.publicationethics.org

Letters

- 449** Product characteristics should be reported in all biological therapy publications

T Buchheit, C Hunt, J Eldrige, Y Eshraghi, D Souza

- 449** Midazolam and delirium: can you have it both ways?

R A Greengrass

- 450** PECS II block: clarifications sought on nomenclature

R M Sethuraman, V Narayanan

- 450** PECS2 or PICK2

N M Elkassabany, E R Mariano, S Kopp, E Albrecht, M Wolmarans, K El-Boghdady

- 451** Concerns regarding "Regional anesthesia and acute compartment syndrome: principles for practice"

T Vecchione, K Boretsky

- 452** In reply: Concerns regarding 'Regional anesthesia and acute compartment syndrome: principles for practice'

D Burns, T Dwyer, A Nauth, R Brull

Electronic pages

- e3** Correction: *Dose-dependent effects of high intensity focused ultrasound on compound action potentials in an ex vivo rodent peripheral nerve model: comparison to local anesthetics*

- e4** Correction: *Preoperative pericapsular nerve group (PENG) block for total hip arthroplasty: a randomized, placebo-controlled trial*
