## Contents

Volume 44 Issue 10 | RAPM October 2019

### Editorial

- 909** The importance of precise, validated bony landmarks for blocks and radiofrequency ablation  
*S L Roberts*

### Regional anesthesia and acute pain

- 911** Randomized comparison between perineural dexamethasone and dexmedetomidine for ultrasound-guided infraclavicular block  
*J Aliste, S Layera, D Bravo, D Fernández, Á Jara, A García, R J Finlayson, D Q Tran*

- 917** Dexamethasone and dexmedetomidine as adjuvants to local anesthetic mixture in intercostal nerve block for thoracoscopic pneumonectomy: a prospective randomized study  
*P Zhang, S Liu, J Zhu, Z Rao, C Liu*

- 923** Pectoral nerve blocks and postoperative pain outcomes after mastectomy: a meta-analysis of randomized controlled trials  
*D Lovett-Carter, M C Kendall, Z L McCormick, E I Suh, A D Cohen, G S De Oliveira*

- 929** Usefulness of high-resolution ultrasound for small nerve blocks: visualization of intercostobrachial and medial brachial cutaneous nerves in the axillary area  
*V Varela, C Ruiz, J Pomés, I Pomés, S Montecinos, X Sala-Blanch*

- 934** Risk factors for postoperative delirium in patients undergoing lower extremity joint arthroplasty: a retrospective population-based cohort study  
*S Memtsoudis, C Cozowicz, N Zubizarreta, S M Weinstein, J Liu, D H Kim, L Poultsides, M M Berger, M Mazumdar, J Poeran*

- 944** Chloroprocaine versus prilocaine for spinal anesthesia in ambulatory knee arthroscopy: a double-blind randomized trial  
*E Wesselink, G J den Hurk, R v der Vegt, C Slagt, J van der Aa, E Franssen, P van de Ven, N Swart, C Boer, M de Leeuw*

### Chronic and interventional pain

- 950** Accuracy of fluoroscopic-guided genicular nerve blockade: a need for revisiting anatomical landmarks  
*L Fonkoue, C W Behets, A Steyaert, J-E K Kouassi, C Detrembleur, B L P De Waroux, O Cornu*

- 959** Perioperative duloxetine for acute postoperative analgesia: a meta-analysis of randomized trials  
*A Zorrilla-Vaca, A Stone, A F Caballero-Lozada, S Paredes, M C Grant*

- 966** Feasibility of an ultrasound-guided approach to radiofrequency ablation of the superolateral, superomedial and inferomedial genicular nerves: a cadaveric study  
*B Vanneste, J Tomlinson, M Desmet, A Krol*

### Letters to the editor

- 972** Not so fast! The argument for a simplified adductor canal block might not be so simple after all...  
*A K Lansdown, D B Yong, A Chuan*

- 973** Local anesthetic systemic toxicity following adductor canal block  
*Y Gleicher, S Peacock*

When you have finished with this please recycle it

- 974** Supra-inguinal injection for fascia iliaca compartment block results in more consistent spread towards the lumbar plexus than an infra-inguinal injection: a volunteer study: a concern on the influence of patient's breathing  
*H Zhang, Y Miao, Z Qu*
- 974** Supra-inguinal injection for fascia iliaca compartment block results in more consistent spread towards the lumbar plexus than an infra-inguinal injection: a volunteer study a concern on the influence of patient's breathing  
*K Vermeylen, F Soetens*
- 975** Reply to: Comparing two posterior quadratus lumborum block approaches with low thoracic erector spinae plane block: an anatomic study  
*M V Nielsen, B Moriggl, T F Bendtsen, J Børglum*
- 976** Pain relief after total knee arthroplasty with vastus lateralis nerve block  
*S Bjørn, T D Nielsen, T F Bendtsen*
- 977** Gastric ultrasound: deep inspiration for stomach identification and localization  
*L Le-Wendling, B Ihnatsenka, Y Zaslomovich, C Smith*
- 
- Electronic pages**
- e2** Correction: *Influence of postoperative analgesia on systemic inflammatory response and postoperative cognitive dysfunction after femoral fractures surgery: a randomized controlled trial*
- e3** Correction: *Problem with the Pecs II block: the long thoracic nerve is collateral damage*
