Chronic and interventional pain
943 Accessing care in multidisciplinary pain treatment facilities continues to be a challenge in Canada
M Chouinard, P Peng, J Gilson, N Buckley, O Williamson, A Janelle-Montcalm, K Bong, A Boulanger, T Di Renna, G A Finley, H Harraer, B Liu, J Pereira

949 Self-reported disposal of leftover opioids among US adults 50–80
C M Harbaugh, P Malani, E Schwab, M Kirch, D Singer, M J Englesbe, C M Brunnett, J F Walee

955 Regulation of the K<sub>ATP</sub>-INJ gap junction signaling pathway by immunomodulator astragaloiside IV attenuates neuropathic pain
W I Dai, L Zhang, L Han, L Yang, L Hu, C Miao, L Song, H Xiao, J-H Liu, W-T Liu

Regional anesthesia and acute pain
964 Variation in pediatric local anesthetic dosing for peripheral nerve blocks: an analysis from the Pediatric Regional Anesthesi Network (PRAN) A H Taenzer, M Herrick, M Hoyt, R J Ramamurthi, B Walker, S H Flack, A Rosenberg, A Franklin, D M Polaner, for the PRAN investigators

975 Spinal anesthesia in a designated block bay for total joint arthroplasty: improving operating room efficiency
R Kaagan, S Zhao, A Stone, A J Johnson, T Huff, K Schabel, G E Woodworth, R M J Ivie

979 Dose–response relationship between local anesthetic volume and hemidiaphragmatic paresis following ultrasound-guided supraclavicular brachial plexus blockade
T R Tedore, H X Lin, K O Pryor, V E Tangel, D J Pat, M Akerma, D S Wellman, H Oden-Brunson

985 Point-of-care ultrasound for the pediatric regional anesthesiologist and pain specialist: a technique review
M S Kars, A Gomez Monar, S C Haskins, J Bobbik, K Botecky

993 Neuroaxial and regional anesthesia in surgical patients with osteogenesis imperfecta: a narrative review of literature

Daring discourse
1000 Is the minimal clinically important difference (MCID) in acute pain a good measure of analgesic efficacy in regional anesthesia?
F Alvarez-Levyo, K El-Beghdady, V Chan
Pre-emptive epidural analgesia for acute and chronic post-thoracotomy pain in adults: a systematic review and meta-analysis
S-K Park, S Yoon, B R Kim, S H Choe, J-H Bahk, J-H Seo

Peripartum factors associated with subacute pain after childbirth
H S Tan, C W Tan, R Sultana, M Shah, W L Leong, D D Sng, A T H Sai, B I Sng

Effect of lumbar medial branch blocks on extension-related axial chronic low back pain in a pediatric population: a retrospective chart review and prospective follow-up
C Donado, G M Spagnuolo, K Lobo, C Berde, P Dinakar

Ultrasound-guided bilateral rectus sheath block with and without dexmedetomidine in pediatric umbilical hernia repairs: a retrospective interrupted time series analysis
C J Hartzell, J B Long, W M White, D Machado, T M Austin

Fluoroscopically guided mandibular nerve block: a modified lateral approach
J J Mojica, V Kudur, R Carza III, M S Eckmann

Response to: ‘Posterior quadratus lumborum block in the combat environment’ by Dhanjal et al
R Burch, M Miller

Erector spinae plane block and anterior sympathetic chain spread: a matter still under discussion
J Galacho, M Veiga

Response to the concerns about erector spinae plane block and anterior sympathetic chain spread
H Li, X Zheng

Ultrasound-guided maxillary nerve block via the pterygopalatine fossa: maxillary artery is the key
X Qin, X Xie

Ultrasound-guided maxillary nerve block via the pterygopalatine fossa: maxillary artery is the key
A Anugerath, K Nguyen, A Nader

Mechanism of action of HTX-011: a novel, extended-release, dual-acting local anesthetic formulation for postoperative pain
J Hafer, K B Johnson
