## Editorial

279  Regional anesthesia and enhanced recovery after colorectal surgery: are we asking the right questions?  
E R Mariano, C JI McCarty

309  Comparing liposomal bupivacaine plus bupivacaine to bupivacaine alone in interscalene blocks for rotator cuff repair surgery: a randomized clinical trial  

## Review

282  Role of regional anesthesia and analgesia in enhanced recovery after colorectal surgery: a systematic review of randomized controlled trials  

330  Reviving the medical lecture: practical tips for delivering effective lectures—an infographic  
R K Gupta, M Harbell, E S Schweenk

## Infographics

293  Complications after outpatient total joint arthroplasty with neuromuscular versus general anesthesia  
E S Schweenk, R K Gupta, E Yap

301  Recommendations for effective documentation in regional anesthesia: an expert panel Delphi consensus project

## Regional anesthesia and acute pain

294  Neuraxial and general anesthesia for outpatient total joint arthroplasty in similar low rates of major perioperative complications: a multicentered cohort study  
E Yap, J Wei, C Webb, K Ng, M Behrndt

320  Safety of postoperative lidocaine infusions on general care wards without continuous cardiac monitoring in an enhanced recovery program  
M Miller, J Jayaram, B S Allen, R E Freundlich, J F Wanderer, M D Edey

322  The botulinum neurotoxin for pain control after breast reconstruction: neural distribution of the pectoralis major muscle  

## Chronic and interventional pain

313  Machine learning approach to predicting persistent opioid use following lower extremity joint arthroplasty  
N Gabriel, B Harjai, R S Prasad, S Simpson, I Chu, K M Fisch, E T Said

## Research reports

327  Ultrasound determination of the dural sac to saccocoeysal membrane distance in premature neonates

V Pond, D Shah, T Nagdev, H Balasubramanian, K Boretsky

## Education

331  Reviving the medical lecture: practical tips for delivering effective lectures  
M W Harbell, P S O'Sullivan

**Letters**

338  Can we trust the black box?  
R J Aldwinckle

338  Reply to ‘Can we trust the black box?’  
H Zhong, J Poeran, S G Memtsoudis, J Liu

339  Opening injection pressure as a part of multimodal monitoring to detect intraneural injections  
F Costa, G Pascarella, R Del Buono, A Sirimica, L Schiavoni, A Mattei, R Cistallo, F E Agò, M Cavassiti

340  Response to Dr Costa  
J Mejia, X Sala-Blanch

341  Transversus thoracic plane block consensus  
F Wou, M Narayanan

341  Standardizing nomenclature for fascial plane blocks: the destination not the journey  
K El-Boghdady, M Wolmarans, S Kopp, E R Mariano, E Albrecht, N M Elkassabany

342  Comparison of contralateral oblique view with the lateral view for fluoroscopic-guided cervical epidural steroid injection: a few salient points and optimal obliquity  
J Gill, T Simopoulos

343  Response to ‘Regional anesthesia and acute compartment syndrome: principles for practice’  
N Suarez, I Holman

343  In reply  
T Dwyer, A Nauth, R Brull
