Contents

Volume 49 Issue 1 | RAPM January 2024

Editorial
1 Postdural puncture headache after intentional or unintentional dural punctures: time to think about risk reduction and acknowledge the burden of sequelae
R Landau, C F Weiniger

Regional anesthesia and acute pain
4 Improved outcomes for spinal versus general anesthesia for hip fracture surgery: a retrospective cohort study of the National Surgical Quality Improvement Program
E R Weinstein, R B Boyer, R S White, R Y Weinberg, J M Lurie, N Salvatierra, T R Tedore

10 Insignificant influence of the intertransverse process block for major breast cancer surgery: a randomized, blinded, placebo-controlled, clinical trial
M V Nielsen, K Tinggaard, L B Hansen, C K Hansen, M Vazin, J Børglum

17 Comparison of the incidence of intravascular injection using the Tuohy and Quincke needles during ultrasound-guided caudal epidural block: a prospective randomized controlled study
J Y Kim, J S Lee, J Y Kim, J W Baek, H S Kim, D-H Kim

23 What evidence is needed to inform postoperative opioid consumption guidelines? A cohort study of the Michigan Surgical Quality Collaborative
J Song, Y Li, J F Walice, V Canaseelan, C M Brunnett, M J Engelkes, M C Bicket

Obstetric analgesia
41 Ultrasoundography versus palpation for spinal anesthesia in obese parturients undergoing cesarean delivery: a randomized controlled trial
M M Tawfiq, M A Tolba, O M Ismail, M M Messela

Reviews
49 Role of supplemental regional blocks on postoperative neurocognitive dysfunction after major non-cardiac surgeries: a systematic review and meta-analysis of randomized controlled trials
N P Singh, J K Makkar, A Borle, P M Singh

59 Local anesthetic dosing and toxicity of pediatric truncal catheters: a narrative review of published practice
M Fettplace, L Joudeh, B Bangert, K Rottecky

Brief technical report
67 Infraclavicular (ITM) interfascial block: a novel approach for combined suprascapular and axillary nerve block
S H Kim, I S Yeo, J Jang, H E Jung, Y M Chun, H M Yang

Research report
74 Performance of the Pain Sensitivity Questionnaire short form in outpatient arthroscopic surgery without preoperative peripheral nerve block: a prospective observational cohort study
D Gesner, B C H Tsui, J L Horn

Chronic and interventional pain
30 Comparison analysis of safety outcomes and the rate of subsequent spinal procedures between interspinous spacer without decompression versus minimally invasive lumbar decompression
H L Ronser, O Yian, T Voigt, M A Vijayaraghavan

36 Incidence and characteristics of chronic postsurgical pain at 6 months after total mastectomy under pectoroserratus and interpectoral plane block combined with general anesthesia: a prospective cohort study
V Garcia, J Wallet, N Leroux-Bromberg, D Delbruck, K Hannequique, F Ben Öune, C Liguilette, M-C Le Deley, A Abouali
