Contents

Volume 49 Issue 2 | **RAPM** February 2024

Editorial

- 77 Why pain physicians should consider becoming headache specialists: bridging the gap in patient care
S Narouze

Chronic and interventional pain

- 79 Incidence of persistent opioid use following traumatic injury
M C Mauck, Y Zhao, A M Goetzinger, A S Tungate, A B Spencer, A Lal, C E Barton, F Beaudoin, S A McLean
- 88 Cohort study of new off-label gabapentin prescribing in chronic opioid users
J I Billig, M C Bicket, M Yazdanfar, V Gunaseelan, E D Sears, C M Brummett, J F Waljee

Infographics

- 87 Incidence of persistent opioid use following traumatic injury: an infographic
M C Mauck, E S Schwenk, R K Gupta
- 102 Evaluating residual anti-Xa levels following discontinuation of treatment-dose enoxaparin in patients presenting for elective surgery: an infographic
D S Henshaw, E S Schwenk, R K Gupta

Regional anesthesia and acute pain

- 94 Evaluating residual anti-Xa levels following discontinuation of treatment-dose enoxaparin in patients presenting for elective surgery: a prospective observational trial
D S Henshaw, C J Edwards, S W Dobson, D Jaffe, J D Turner, J W Reynolds, G R Thompson, G Russell, R Weller

104

- Equal mixture of 2% lidocaine with adrenaline and 0.5% bupivacaine 20 mL provided faster onset of complete conduction blockade during ultrasound-guided supraclavicular brachial plexus block than 20 mL of 0.5% bupivacaine alone: a randomized double-blinded clinical trial
S R, S T, D Rajadurai, S Parthasarathy

110

- Comparison of remimazolam and dexmedetomidine for intraoperative sedation in patients undergoing lower extremity surgery under spinal anesthesia: a randomized clinical trial
H Kim, Y Kim, J Bae, S Yoo, Y-J Lim, J-T Kim

117

- National review of acute pain service utilization, models of care, and clinical practices within the Veterans Health Administration
L Mahyar, A Missair, M J Buys, A Kou, E Benedetti de Marrero, F Sandbrink, C M Matadial, E R Mariano, On behalf of the Veterans Affairs Acute Pain Medicine Committee

Review

- 122 Neurological injury following peripheral nerve blocks: a narrative review of estimates of risks and the influence of ultrasound guidance
E Lemke, D F Johnston, M B Behrens, M S Seering, B M McConnell, T S Swaran Singh, R V Sondekkoppam

Education

- 133 Empirical guide to a safe thoracic paravertebral block based on dimensions of paravertebral space when ultrasound visualization is challenging
A Jones, L Le-Wendling, B Ihnatsenka, C Smith, E Baker, A Boezaart

Brief technical report

- 139** Trends of liposomal bupivacaine utilization in major lower extremity total joint arthroplasty in the USA: a population-based study
O Stundner, E Hoerner, H Zhong, J Poeran, J Liu, A Illescas, S G Memtsoudis

Case report

- 144** Refractory primary and secondary headache disorders that dramatically responded to combined treatment of ultrasound-guided percutaneous suprazygomatic pterygopalatine ganglion blocks and non-invasive vagus nerve stimulation: a case series
A P Boezaart, C R Smith, Y Zsimevich, R Przkora, S Kumar, O C Nin, L C Boezaart, D AJ Botha, A Leonard, M A Reina, J A Pareja

**Letters**

- 151** Letter to the editor about reporting drug concentrations and pharmacokinetics in regional anesthesia and pain medicine
L E Mather, G T Tucker
- 151** Response to 'opioid sparing effect of PENG block in open reduction of pediatric developmental dysplasia of the hip: a case series,' by Yörükoğlu *et al*
E Weisberg, N Doyle, A Booser
- 152** Contralateral oblique view can prevent dural puncture in fluoroscopy-guided cervical epidural access: a prospective observational study
J Gill, T Simopoulos
